

**Severn Sound Environmental Association
2013 FIRST QUARTERLY MEETING
April 19, 2013 - 10:00 a.m. at Town of Midland
Council Chambers, 575 Dominion Street**

AGENDA

- 1. Welcome and call to order**
- 2. Adoption of Agenda**
- 3. Declaration of pecuniary interest**
- 4. Review of Minutes and Past Business**
 - Approval of 2011 Financial Statements
- 5. First Quarterly report for 2013**
 - Approval of report of revenues and expenditures, fees for service
 - Report on Special Projects
 - Report on Cheque Registry
- 6. SSEA Strategic Planning - Keith**
- 7. Other Business**
 - Correspondence
 - SSEA office
- 8. Next Meeting July 18, 2013 Town of Midland Council Chambers**
- 9. Adjournment.**

**Severn Sound Environmental Association
Revenues Budget 2013
as of Mar 31, 2013**

	2013 Budget	Collected or Invoiced to Date	Remaining
Georgian Bay	29,481	29,481	\$0
Midland	44,115	44,115	(\$0)
Orillia	28,625	28,625	(\$0)
Oro-Medonte	38,598	38,598	\$0
Penetanguishene	33,981	33,981	\$0
Severn	33,430	33,430	(\$0)
Springwater	29,946	29,946	(\$0)
Tay	39,222	39,222	\$0
Tiny	63,467	63,467	(\$0)
Municipal sub-total(2)	340,864	\$340,865	(\$1)
Community/Private	4,000	\$58	\$3,942
Projects (3)	20,000	\$2,650	\$17,350
Recoveries (4)	40,000	\$2,500	\$37,500
Source Water Protection(5)	30,000	\$7,500	\$22,500
TOTAL REVENUES	434,864	\$353,572.95	\$81,291
Special Projects (7)	155,211		

(1) Revenues related directly to the Environmental Association which do not include project funds (cash and in-kind) from partners.

(2) Municipal share is based on 2007 assessment.

(3) Projects administered by the Association (10%).

(4) Work done by the SSEA Office for the Partners and/or others.

(5) Administration from Source Water Protection (from LSRCA)

(6) Prior year Surplus/(deficit) amount

(7) Special Projects Salary & Benefits to SSEA

**Severn Sound Environmental Association
Budget Expenditures 2013
as at March 31, 2013**

Deliverable	2013 Total Budget	2013 To Date	Balance
Administration			
Treasurer expense	\$4,500	\$0.00	\$4,500
Legal fees	\$3,414	\$0.00	\$3,414
Audit fees	\$6,500	\$0.00	\$6,500
Insurance	\$7,000	\$0.00	\$7,000
Meeting expense	\$1,500	\$0.00	\$1,500
Travel expense	\$3,000	\$19.02	\$2,981
Conference expense	\$3,000	\$0.00	\$3,000
Office Supplies & equipment	\$11,500	\$1,092.75	\$10,407

Severn Sound Environmental Association

Report on Strategic Actions 2009 – 2013

Draft working paper

The period up to 2013 was covered in the Agreement, Schedule A - Strategic Plan. The purpose of this report is to assess the priorities for action outlined in the Strategic Plan over the period 2009 to 2013.

Past priorities for action

The SSEA Agreement, Schedule A - Strategic Plan set out four priorities that required action. The following summarizes actions since the Agreement was signed on March 26, 2009.

1. Mandate

- a. The major activities of the SSEA through the five-year period included:
 - Completion of outstanding commitments from the Severn Sound Remedial Action Plan (coordinating phosphorus control measures, beach investigations, water quality monitoring, habitat assessment and restoration)
 - Habitat and natural heritage assessment and the development of Management Plans
 - Participate in the implementation of the Severn Sound Sustainability Plan
 - Undertaking technical studies of the water resources in the Severn Sound Source Water Protection area and acting as the Severn Sound Source Protection Authority within the South Georgian Bay Lake Simcoe Source Protection Region
 - Provide RMO services to the municipalities in the SSEA area
 - Carry out rural programs in cooperation with the landowners to promote the implementation of environmental Best Management Practices in the area to improve water quality and protect water resources.
 - Continuing Stewardship programs and initiatives in the Severn Sound area.
 - Provide plan input and plan review services through the municipalities
 - Engage the public in consultation and education of environmental and sustainability issues
 - Conduct monitoring, analysis and reporting on the status of the Severn Sound ecosystem
- b. The boundary of the Severn Sound area was expanded from previous agreements to include all of the Township of Tiny and the watershed boundary was adjusted using improved mapping and GIS data. The revised SSEA area was identified and confirmed as a Source Protection Area under the Clean Water Act (Ont.Reg.284/07) and increased from 1,116 km² to 1,326 km² (Figure 1).
- c. An agreement with MOE was renewed during 2012 to facilitate long-term groundwater monitoring including the establishment and maintenance of monitoring wells in the Severn Sound area.

- d. We continue to work with MNR and DFO on an informal basis to review marine construction proposals. A formal arrangement with DFO has not been arranged. However, a By-Law proposed by the Town of Penetanguishene will create a formal review process for shoreline alteration that includes circulation to SSEA for review as part of the Town's review process. The Township of Tay is considering updating their fill By-Law to include reference to SSEA.
- e. SSEA involvement in plan input and review and peer review of support documents of development proposals on behalf of Severn Sound municipalities is increasing.
- f. SSEA has been requested to act on behalf of Severn Sound municipalities to provide Risk Management services as the Source Protection Plan nears approval by the Ministry of the Environment. The pre-approval workplan has been submitted to the municipalities and will involve designation of SSEA staff as Risk Management Officer under the Clean Water Act.

2. Legal Status of SSEA

Under the SSEA Agreement to Form a Joint Services Board under the Municipal Act (Section 202), SSEA is now a legal entity. We are currently insured and provide certificates of insurance naming project partners as required for various funding opportunities and requirements for agreements with partners. The possibility of forming a Conservation Authority remains an option for the Severn Sound area. However, during 2012 the SSEA Board confirmed their intention to continue as a Joint Services Board with representation from the nine municipalities.

3. Staffing and Office Needs

Several short-comings in the staffing organization and office were noted as priorities for action. The following staffing changes have been achieved to date:

- a. Staff position descriptions are being reviewed, developed or revised
- b. To date, plan input and review activities have been taken up through existing staff. Consideration of creating a GIS Technician position to support this activity (and related activities) is an ongoing need.
- c. An Office Manager position was created and was hired.
- d. The Water Scientist position description was revised as a permanent position.
- e. The Environmental Technologist position was revised to assume an increasing role in coordination of sampling activities.
- f. The proposal for SSEA to provide Risk Management services is being considered by the Severn Sound municipalities and will include the designation of a Risk Management Official/Inspector for SSEA. This will require a contract position in the interim until the Source Protection Plan is approved and formal implementation begins. The role of SSEA in implementation of the Source Protection Plan will be revisited at that time.
- g. Succession planning for the Executive Director is under development

The SSEA Operational budget has continued to assume a greater proportion of salary and benefits of SSEA employees. The entire payroll budget is still dependent on ongoing special project funding, but to a lesser extent.

The following changes in the SSEA Office were achieved to date:

- a. Through negotiation with the Town of Midland, during 2012 SSEA will move to a larger office space at the current address. This change will increase the office space while remaining within a “municipal environment” (internet and email system) at modest rental costs. The costs will scale upward over the next two years from our existing rate in 2012 to a level commensurate with the space (2012 rent = \$10,500, 2013 rent = \$12,200, 2014 rent = \$14,540, 2015 rent = \$14,970).
- b. Surplus furniture is being obtained to upgrade our existing equipment.
- c. Basic improvements to the new space were implemented by the Town. Support for the cost of paint was arranged with a local paint supplier. SSEA staff painted the new offices.
- d. A small cost of \$1,200 was required to shift the SSEA Local Area Network in the new offices within the Town system. This action resulted in an additional phone and retention of our existing phone numbers in the new location.

The benefits of the new location include: decompression of staff work space; increased visibility of our office to the public; continued modest rent under a benevolent land lord. We have been at the current location since 2004.

4. Funding

SSEA continues to operate on two basic funding streams, 1. SSEA Operations budget and 2. SSEA special projects. The following actions called for in the strategic plan, related to funding, have been achieved to date:

- a. The funding formula has been revised and accepted by all nine municipalities.
- b. The municipal contribution to the annual SSEA Operations budget has increased according to the Agreement. The major reason for the increases has been to cover an increasing proportion of the cost of salary and benefits of SSEA employees. As of 2012, the SSEA Operations budget is covering approximately 68% of the total SSEA payroll (was 39% in 2008). Approved budget for 2013 is approaching the payroll target of 70%.
- c. Due to the nature of past billing practices, changes in accounting practices, and with changes in funding of special projects, SSEA is operating in a deficit position (see 2011 Financial Statement). A plan for dealing with this deficit is being developed and will be a part of the next five year budgeting cycle.

Analysis:

The formation of the SSEA Joint Services Board has allowed the SSEA to become a separate legal entity, able to access new and additional funding windows. Our services and advice to the municipalities continue to be required and provided in a cost-effective manner. The 2011 Annual report provides further details of the value of the partnership with federal, provincial, municipal and community support.

Dear Chair Stevens and SSEA Board:

Re: SSEA Transparency Issues

On October 18, 2012 Kate Harries of AWARE Simcoe made a deputation to the SSEA board and requested four changes to improve SSEA's compliance with the Municipal Act with regard to transparency and open governance. They were that:

1. Advance notice of all SSEA board and public committee meetings be posted on your website.
2. Any resolution passed by the board be made available immediately.
3. Reports to the board be made available in advance of the meetings at which they are to be discussed.
4. Minutes (in draft form) of a board meeting be made available within a reasonable time, which we suggest would be a week.

Although the SSEA board seemed to generally agree with these improvements, they have yet to be implemented. Can you assure us that the above practices will be implemented for your April 19, 2013 meeting? We also note that as of the date of this letter SSEA website still lists the date of the April meeting as the 18th.

AWARE Simcoe also requests that the SSEA hold public meetings to receive public input into your Strategic Plan process currently under way. We feel it would be appropriate to invite all other locally pertinent public environmental agencies, non-government environmental groups and other stakeholders to participate in a discussion on how best to protect the health of the Severn Sound watershed and Simcoe County.

Yours truly,

Don Morgan, Chair
AWARE Simcoe

CC: SSEA Board members,
Keith Sherman, Gail Marchildon,

Severn Sound Environmental Association

Alliston, ON L9R 1L3

Dear Chair Morgan,

Re: Response to Chair Don Morgan's letter to SSEA received March 15, 2013

Thank you for prompting us to update our website posting meeting date. The update would have taken place in due course. With today's busy and changing schedules, meeting date changes are not uncommon.

With respect to the governance issues raised by Kate Harries in our meeting of October 2012, SSEA staff is following Board direction.

We welcome input and comment from other individuals and organizations who share our environmental concerns. To that end, we host annual meetings such as our Open House and Annual Partner Reception. SSEA and our Board can be reached by email at sseainfo@midland.ca. If you prefer to write, we can be reached at 67 Fourth Street Midland ON L4R 3S9. Of course, the member municipalities of SSEA also welcome your comments.

The SSEA as evidenced in our past Open Houses and Annual Partner Receptions has always supported a collaborative approach where engaging stakeholders are concerned. Our municipal partners fully subscribe to our policy of openness.

The Strategic Plan review of our past activities is ongoing and will ensure we continue to serve the municipalities and project partners in the Severn Sound area in the future. Given the current phase of the SSEA strategic planning process, public input sessions would be premature at this time. Be assured that AWARE will be informed of any SSEA public forum as appropriate.

Sincerely,

Ron Stevens
Chair
SSEA
