SEVERN SOUND ENVIRONMENTAL ASSOCIATION

Notes to Financial Statements

Year ended December 31, 2015

Severn Sound Environmental Association (the "Association") is a water management agency established in 2009 by a letter agreement among local Municipalities, Environment Canada and the Ontario Ministry of the Environment.

The local Municipalities are the Town of Midland, Town of Penetanguishene, Township of Tay, Township of Tiny, Township of Oro-Medonte, Township of Severn, Township of Georgian Bay, the Township of Springwater and the City of Orillia.

1. Significant accounting policies:

The financial statements of the Association are prepared by management in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies adopted by the Association are as follows:

(a) Accrual basis of accounting

Revenues and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues in the period in which the transactions or events occurred that give rise to the revenue; expenses are recognized in the period the goods or services are acquired and a legal liability is incurred or transfers are due.

(b) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the tangible capital asset. The cost, less residual value, of the tangible capital assets are amortized on a straight-line basis over the estimated useful lives as follows:

Assets	Useful Life - Years
Equipment	4 - 10

Annual amortization is not charged in the year of acquisition.

(c) Pension agreements:

The Association is an employer member of the Ontario Municipal Employees Retirement System (OMERS), which is a multi-employer, defined benefit pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the assets and administration of the benefits. The Association has adopted defined contribution plan accounting principles for this Plan because insufficient information is available to apply defined benefit plan accounting principles. As such, the Association's contributions due during the year are expensed as incurred.

1. Significant accounting policies (continued):

(d) Employee future benefits:

Vacation entitlements are accrued for as entitlements are earned. Sick leave benefits are accrued when they are vested and subject to pay out when an employee leaves the Association. Non-vesting sick leave benefits are accrued and subject to pay out if employees chose to top up their salary under the short-term sick leave plans.

(e) Revenue recognition:

Conditional grant revenue is recognized to the extent the conditions imposed on it have been fulfilled. Unconditional grant revenue is recognized when funding is receivable.

All revenue other than government transfers and interest revenue, is recognized when received.

Interest revenue is recorded when earned.

(f) Deferred revenue:

Deferred revenue represents funds which have been applied for and collected but for which the related services have yet to be performed. These amounts will be recognized as revenues in the fiscal year the services are performed.

(g) Government transfers:

Government transfers, which include entitlements and legislative grants, are recognized as revenue in the financial statements when the transfers is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled. Government transfers consist of grants and subsidies received for various operating and capital programs.

(h) Use of estimates:

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. The principal estimates used in the preparation of these financial statements are the useful lives of tangible capital assets and the allowance for doubtful accounts. Actual results could differ from management's best estimates as additional information becomes available in the future.

In addition, the Association's implementation of the Public Sector Accounting Handbook PS3150 has required management to make estimate of historical cost and useful lives of tangible capital assets.

1. Significant accounting policies (continued):

(i) Collections:

Collections, including works of art and historical treasures, are not capitalized in the statement of financial position. Purchases of collection items are expensed in the year in which the items are acquired. Contributions of collection items are reported as revenue and expense at their fair value. When fair value cannot be determined, the contribution is recognized at nominal value.

2. Due to/from related parties:

The Association received \$ 422,224 (2014 - \$407,909) in Municipal grants from related parties.

These transactions are in the normal course of operations and are measured at the exchange value (the amount of consideration established and agreed to by the related parties), which approximates the arm's length equivalent value for sales of product or service.

At the end of the year, the amounts due from (to) related parties are as follows:

	2015	2014

Township of Tay	12,558	9,000
The Corporation of the Town of Midland	-	17,982
	<u>\$ 31,422</u>	<u>\$ 66,408</u>

There are no specific terms of repayment, the balances are unsecured and are non-interest bearing, with the exception of the amount due from the Corporation of the Town of Midland. This balance bears interest at prime less 1.725% and is calculated on a quarterly basis on the average balance owing that period.

At the end of the year, the amount due to related party is as follows:
